

This week, there are seven key MLAs who sit on the Standing Committee on Private Bills and Private Members' Public Bills. Politicians are not used to receiving 'Thank you' messages. Please contact these seven MLAs to thank them for allowing the [Eastern Slopes Protection Act](#) to proceed to general debate in the legislative assembly. (And please encourage them to support this private member's bill.)

Why is protecting our water so important?

Here's an article and a video showing what has happened in the Elk Valley!
